## Section 1: Management of Cervical Spondylotic Myelopathy/Radiculopathy

1. Conservative Management in a Patient with Neck Pain and C6 Radiculopathy <i>Kokkula Praneeth, Raj Ghoniya, and Rajinder Kumar</i>	3
2. Approach to a Patient Presenting with Neck Pain and Paresthesia with Reversal of Cervical Lordosis (Conservative Management) <i>Kanwaljeet Garg, Rohit Bharti, and Manmohan Singh</i>	13
3. Cervical Spondylotic Myelopathy due to C5–C6 PIVD (ACDF) <i>Sarvesh Goyal and Kanwaljeet Garg</i>	19
4. Cervical Spondylotic Myelopathy due to Multilevel Cervical PIVD (Multilevel ACDF) <i>Vivek Tandon and Shashank Sharad Kale</i>	29
5. High Cervical Prolapsed Intervertebral Disk (C3–C4 PIVD): Anterior Cervical Discectomy and Fusion <i>Raj Ghoniya, Shweta Kedia, and Deepak Gupta</i>	39
6. Cervical Disk Replacement (CDR) in a Case of C5–C6 PIVD <i>Sachin Anil Borkar, Kushagra Pandey, and Kokkula Praneeth</i>	47
7. Posterior Cervical Foraminotomy in a Case of C6 Radiculopathy <i>Het Shah, Vivek Yadav, and Manoj Phalak</i>	55
8. Cervical Spondylotic Myelopathy with Focal C6 OPLL (Corpectomy and Fusion) <i>Saransh Gupta, Surya Shrikrishna Gour, and Sachin Anil Borkar</i>	63
9. Cervical Spondylotic Myelopathy with Multilevel Ossification of the Posterior Longitudinal Ligament (OPLL): Posterior Decompression and Fusion <i>Sandeep Mishra and Kanwaljeet Garg</i>	73
10. Cervical Spondylotic Myelopathy due to Multilevel PIVD (Cervical Laminoplasty) <i>Santanu Bora, Raj Ghoniya, and Sachin Anil Borkar</i>	83
11. Cervical Spondylotic Myelopathy due to Multi-Segmental Degeneration Involving C2–C3 Disk (C2 Dome Laminoplasty) <i>Rohit Bharti and Manoj Phalak</i>	95

## Section 2: Complications

- |  |     |
|--|-----|
| 12. Management of Intraoperative Dural Tear in Anterior Cervical Surgery<br><i>Satish Verma and Sachin Anil Borkar</i>                           | 103 |
| 13. Management of Pseudoarthrosis Following Anterior Cervical Fusion Surgery (ACDF)<br><i>Hitesh Kumar, Sandeep Mishra, and Kanwaljeet Garg</i>  | 109 |
| 14. Management of Subsidence Following Anterior Cervical Fusion Surgery<br><i>Akshay Ganeshkumar, Ravi Sharma, Amol Raheja, and Vivek Tandon</i> | 119 |
| 15. Management of Adjacent Segment Disease Following ACDF<br><i>Sarvesh Goyal, Kanwaljeet Garg, Santanu Bora, and Sachin Anil Borkar</i>         | 129 |
| 16. Management of Pharyngeal/Oesophageal Fistula Following Anterior Cervical Surgery<br><i>Shashwat Mishra, Kanwaljeet Garg, and Ashish Suri</i> | 137 |

## Section 3: Miscellaneous

- |  |     |
|--|-----|
| 17. Role of Assessment Scales in Cervical Spondylotic Myelopathy: AIIMS Cervical Myelopathy Score<br><i>Kanwaljeet Garg, Shashwat Mishra, and Shashank Sharad Kale</i> | 149 |
|--|-----|

## Section 4: Annexures

- |   |     |
|---|-----|
| Annexure 1: Modified Japanese Orthopaedic Association (mJOA) Scoring System | 157 |
| Annexure 2: AIIMS Cervical Myelopathy Score                                 | 158 |
