<b>Preface</b> .....	xxxix
<b>Acknowledgments</b> .....	xxxix
<b>Contributors</b> .....	xxxix
<b>Interpreting the Gunter Rhinoplasty Diagrams</b> .....	xxxvii
<b>Part I: Basic Perioperative Concepts</b>	
<b>1. Preferred Anatomic Terms for Rhinoplasty</b> .....	3
<i>Rod J. Rohrich, Matthew Novak, and Jamil Ahmad</i>	
1.1 Introduction .....	3
1.2 Anatomic Terms .....	3
1.3 Conclusion .....	8
<b>2. Advanced Rhinoplasty Anatomy</b> .....	9
<i>Rod J. Rohrich, Roger W. Cason, Jack P. Gunter†, and Jamil Ahmad</i>	
2.1 Introduction .....	9
2.2 Skin .....	9
2.2.1 Clinical Applications .....	9
2.3 Muscles .....	9
2.3.1 Intrinsic Group .....	10
2.3.2 Extrinsic Group .....	10
2.3.3 Clinical Applications .....	10
2.4 Blood Supply .....	11
2.4.1 Arterial .....	11
2.4.2 Venous .....	12
2.4.3 Lymphatic Drainage .....	12
2.4.4 Clinical Applications .....	12
2.5 Nasal Vaults .....	12
2.5.1 Bony Vault .....	13
2.5.2 Upper Cartilaginous Vault .....	14
2.5.3 Lower Cartilaginous Vault .....	15
2.5.4 Internal Nasal Anatomy: Septum and Turbinates .....	16
2.6 Conclusion .....	18
<b>3. Nasal Physiology</b> .....	20
<i>Zoe Fullerton, Kyle S. Kimura, and Sam P. Most</i>	
3.1 Introduction .....	20
3.2 Components of Nasal Function .....	20
3.2.1 Olfaction .....	20
3.2.2 Humidification .....	21
3.2.3 Protection .....	21
3.2.4 Nasal Airflow .....	21
3.3 Nasal Anatomy and Airflow .....	22
3.3.1 External Nasal Valve .....	22
3.3.2 Internal Nasal Valve .....	23
3.3.3 Septum .....	23
3.3.4 Turbinates .....	23
3.4 Clinical Evaluation of the Nasal Airway .....	24
3.5 Measuring Nasal Airways .....	25
3.5.1 Quantitative Measurement of Nasal Airflow .....	25
3.5.2 Qualitative Measurement of Nasal Airways .....	25
3.6 Conclusion .....	26

<b>4.</b>	<b>Medical Management of Rhinologic Disorders in the Rhinoplasty Patient</b> .....	27			
	<i>C. Spencer Cochran and Paul N. Afrooz</i>				
<b>4.1</b>	<b>Introduction</b> .....	27	<b>4.5</b>	<b>Pharmacologic Agents</b> .....	29
<b>4.2</b>	<b>Inflammatory Disorders of the Nose and Paranasal Sinuses</b> .....	27	4.5.1	Antihistamines.....	29
4.2.1	Allergic Rhinitis.....	27	4.5.2	Decongestants.....	30
<b>4.3</b>	<b>Acute Rhinosinusitis</b> .....	28	4.5.3	Nasal Saline.....	30
4.3.1	Chronic Rhinosinusitis.....	28	4.5.4	Anticholinergics.....	30
4.3.2	Allergic Fungal Rhinosinusitis.....	29	4.5.5	Leukotriene Receptor Antagonists.....	30
4.3.3	Nasal Polyposis.....	29	4.5.6	Mast Cell Stabilizers.....	31
<b>4.4</b>	<b>Noninflammatory Rhinologic Disorders</b> ....	29	4.5.7	Corticosteroids.....	31
4.4.1	Rhinitis Medicamentosa.....	29	4.5.8	Topical Intranasal Corticosteroids.....	31
4.4.2	Postrhinoplasty Rhinitis.....	29	4.5.9	Systemic Corticosteroids.....	32
4.4.3	Atrophic Rhinitis.....	29	4.5.10	Antibiotics.....	32
<b>5.</b>	<b>Preoperative Concepts for Rhinoplasty</b> .....	34	<b>4.6</b>	<b>Treatment Strategies</b> .....	32
	<i>Rod J. Rohrich, Matthew Novak, and Jamil Ahmad</i>				
<b>5.1</b>	<b>Introduction</b> .....	34	<b>4.7</b>	<b>Conclusion</b> .....	33
<b>5.2</b>	<b>Initial Consultation</b> .....	34	<b>5.8</b>	<b>Aesthetic Analysis</b> .....	36
<b>5.3</b>	<b>History</b> .....	34	<b>5.9</b>	<b>Preoperative Patient Preparation</b> .....	39
<b>5.4</b>	<b>Physical Examination</b> .....	35	<b>5.10</b>	<b>Financial Aspects</b> .....	39
<b>5.5</b>	<b>Patient Selection</b> .....	36	<b>5.11</b>	<b>Second Consultation</b> .....	39
<b>5.6</b>	<b>Photographic Analysis of the Patient</b> .....	36	<b>5.12</b>	<b>Morning of Surgery</b> .....	39
<b>5.7</b>	<b>Computer Imaging</b> .....	36	<b>5.13</b>	<b>Conclusion</b> .....	39
<b>6.</b>	<b>Nasofacial Proportions and Systematic Nasal Analysis</b> .....	40			
	<i>Rod J. Rohrich, Roger W. Cason, and Yash J. Avashia</i>				
<b>6.1</b>	<b>Introduction</b> .....	40	<b>6.4</b>	<b>Lateral View</b> .....	46
<b>6.2</b>	<b>Nasofacial Proportions</b> .....	40	6.4.1	Nasofrontal Angle.....	46
6.2.1	Proportions of the Face.....	40	6.4.2	Tip Projection.....	46
6.2.2	Proportions of the Nose.....	44	6.4.3	Nasal Length, Dorsum, Supratip.....	49
<b>6.3</b>	<b>Frontal View</b> .....	44	6.4.4	Tip Rotation.....	50
6.3.1	Skin Type/Quality.....	44	<b>6.5</b>	<b>Basal View</b> .....	51
6.3.2	Symmetry/Deviation.....	44	<b>6.6</b>	<b>Systematic Nasal Analysis: The 10–7-5 Method</b> .....	51
6.3.3	Width.....	44	<b>6.7</b>	<b>Case Analysis</b> .....	52
6.3.4	The Tip.....	45	<b>6.8</b>	<b>Conclusion</b> .....	52
6.3.5	Alar Bases.....	45			
6.3.6	Columella/Alar Rims.....	46			

<b>7.</b>	<b>Digital Imaging and Standardized Photography in Rhinoplasty</b> .....	54			
	<i>Bardia Amirlak and Shyon Parsa</i>				
<b>7.1</b>	<b>Introduction</b> .....	54	<b>7.4.1</b>	<b>Focus</b> .....	59
<b>7.2</b>	<b>Photography Basics</b> .....	54	<b>7.4.2</b>	<b>Focal Point</b> .....	60
<b>7.2.1</b>	<b>Cameras and Lenses</b> .....	54	<b>7.4.3</b>	<b>Photographic Anatomy</b> .....	60
<b>7.2.2</b>	<b>Flash and Lighting</b> .....	55	<b>7.4.4</b>	<b>Standard Views for Rhinoplasty Photography</b> ..	60
<b>7.2.3</b>	<b>Square Photo Room</b> .....	57	<b>7.5</b>	<b>Three-Dimensional Imaging</b> .....	63
<b>7.3</b>	<b>Digital Photography and Digital Imaging Setup</b> .....	57	<b>7.6</b>	<b>Intraoperative Imaging</b> .....	64
<b>7.3.1</b>	<b>Space and Background</b> .....	58	<b>7.7</b>	<b>Digital Imaging and Morphing</b> .....	65
<b>7.3.2</b>	<b>Memory Card</b> .....	59	<b>7.8</b>	<b>Cloud-Based Storage and Legal Issues</b> .....	66
<b>7.3.3</b>	<b>Cameras</b> .....	59	<b>7.8.1</b>	<b>Patient Perceptions</b> .....	66
<b>7.3.4</b>	<b>Digital Imaging Software</b> .....	59	<b>7.9</b>	<b>Conclusion</b> .....	66
<b>7.4</b>	<b>Photographic Standards in Rhinoplasty</b> .....	59			
<b>8.</b>	<b>Postoperative Management of the Rhinoplasty Patient</b> .....	68			
	<i>Rod J. Rohrich, Jamil Ahmad, Ira Savetsky, and Joshua M. Cohen</i>				
<b>8.1</b>	<b>Introduction</b> .....	68	<b>8.5.1</b>	<b>Bleeding/Hematoma</b> .....	72
<b>8.2</b>	<b>Dressings</b> .....	70	<b>8.5.2</b>	<b>Infection</b> .....	72
<b>8.2.1</b>	<b>Internal Nasal Splints and Packing</b> .....	70	<b>8.5.3</b>	<b>Persistent Edema</b> .....	72
<b>8.2.2</b>	<b>External Splints</b> .....	71	<b>8.5.4</b>	<b>Dorsal Irregularity/Deviation</b> .....	73
<b>8.3</b>	<b>Sutures</b> .....	71	<b>8.5.5</b>	<b>Nasal Airway Obstruction</b> .....	73
<b>8.4</b>	<b>Medications</b> .....	71	<b>8.6</b>	<b>Postoperative Follow-Up</b> .....	73
<b>8.5</b>	<b>Postoperative Problems</b> .....	72	<b>8.7</b>	<b>Conclusion</b> .....	74
<b>9.</b>	<b>Coding for Rhinoplasty Procedures</b> .....	75			
	<i>Nishant Ganesh Kumar and Jeffrey H. Kozlow</i>				
<b>9.1</b>	<b>Introduction</b> .....	75	<b>9.5</b>	<b>Tissue Grafts in Rhinoplasty</b> .....	77
<b>9.2</b>	<b>Documentation</b> .....	75	<b>9.6</b>	<b>Turbinate, Vestibular, and Septal Surgery</b> ..	77
<b>9.2.1</b>	<b>Primary Rhinoplasty</b> .....	76	<b>9.7</b>	<b>Case Analysis</b> .....	78
<b>9.3</b>	<b>Secondary Rhinoplasty</b> .....	76	<b>9.8</b>	<b>Conclusion</b> .....	78
<b>9.4</b>	<b>Cleft Rhinoplasty</b> .....	77			
<b>Part II: Basic Surgical Concepts</b>					
<b>10.</b>	<b>Getting It Right the First Time—Precision Rhinoplasty Planning and Execution</b> .....	83			
	<i>Rod J. Rohrich, Jamil Ahmad, Ira Savetsky, and Joshua M. Cohen</i>				
<b>10.1</b>	<b>Introduction</b> .....	83	<b>10.2</b>	<b>Use the Open Approach</b> .....	83

<b>10.3</b>	<b>Incrementally Reduce the Dorsum</b> . . . . .	83	10.5.1	Septal Extension Graft. . . . .	89
			10.5.2	Alar Contour Graft . . . . .	90
10.3.1	Release of the Upper Lateral Cartilages from the Dorsal Septum. . . . .	85	<b>10.6</b>	<b>The Best Chance to Get the Optimal Result Is during Primary Rhinoplasty</b> . . . . .	90
10.3.2	Resection of the Dorsal Septum Incrementally. . .	85	<b>10.7</b>	<b>Follow Patients in the Long Term</b> . . . . .	91
10.3.3	Rasping of the Bony Dorsum. . . . .	86	<b>10.8</b>	<b>Conclusion</b> . . . . .	92
10.3.4	Restoration of the Dorsal Aesthetic Lines . . . . .	86			
<b>10.4</b>	<b>Osteotomies</b> . . . . .	86			
<b>10.5</b>	<b>Appropriate Use of Cartilage Grafts</b> . . . . .	88			
<b>11.</b>	<b>Frequently Used Grafts in Rhinoplasty: Nomenclature and Analysis</b> . . . . .	93			
	<i>Jack P. Gunter†, C. Spencer Cochran, Roger W. Cason, and Jamil Ahmad</i>				
<b>11.1</b>	<b>Introduction</b> . . . . .	93	11.3.8	Umbrella Graft . . . . .	100
11.1.1	Gunter Diagram System. . . . .	93	<b>11.4</b>	<b>Grafts of the Alar Region</b> . . . . .	100
<b>11.2</b>	<b>Grafts of the Nasal Dorsum</b> . . . . .	94	11.4.1	Alar Batten Grafts. . . . .	100
11.2.1	Spreader Flap . . . . .	94	11.4.2	Alar Contour Grafts (Alar Rim Grafts) . . . . .	100
11.2.2	Dorsal Onlay Graft . . . . .	94	11.4.3	Alar Spreader Graft (Lateral Crural Spanning Graft) . . . . .	102
11.2.3	Dorsal Sidewall Onlay Graft (Lateral Nasal Wall Graft) . . . . .	94	11.4.4	Composite Alar Rim Graft. . . . .	103
11.2.4	Radix Graft. . . . .	95	11.4.5	Lateral Crural Onlay Grafts . . . . .	103
11.2.5	Spreader Grafts . . . . .	95	11.4.6	Lateral Crural Strut Graft . . . . .	104
11.2.6	Septal Extension Grafts . . . . .	96	11.4.7	Lateral Crural Turnover Flap. . . . .	104
			11.4.8	Infratip Lobule Butterfly Graft . . . . .	105
			11.4.9	Longhorn Graft. . . . .	105
<b>11.3</b>	<b>Grafts of the Nasal Tip</b> . . . . .	96	<b>11.5</b>	<b>Grafts of the Alar Base</b> . . . . .	106
11.3.1	Anchor Graft . . . . .	96	11.5.1	Alar Base Graft . . . . .	106
11.3.2	Cap Graft . . . . .	97	11.5.2	Columellar Plumping Grafts. . . . .	106
11.3.3	Columellar Strut Graft . . . . .	97	11.5.3	Premaxillary Graft. . . . .	107
11.3.4	Extended Columellar Strut–Tip Graft (Extended Shield Graft) . . . . .	98	<b>11.6</b>	<b>Conclusion</b> . . . . .	107
11.3.5	Onlay Tip Graft . . . . .	99			
11.3.6	Shield Graft (Sheen or Infratip Lobule Graft) . . .	100			
11.3.7	Subdomal Graft. . . . .	100			
<b>12.</b>	<b>Harvesting Autologous Grafts for Rhinoplasty</b> . . . . .	109			
	<i>Matthew J. Urban, Dean M. Toriumi, and Kathryn Landers</i>				
<b>12.1</b>	<b>Introduction</b> . . . . .	109	<b>12.5</b>	<b>Problems and Solutions with Rib Cartilage</b> . . . . .	112
<b>12.2</b>	<b>Preoperative Steps and Evaluation</b> . . . . .	109	<b>12.6</b>	<b>Alternatives to Autologous Rib Cartilage</b> . . . . .	113
<b>12.3</b>	<b>Operative Steps—Autologous Rib Harvest</b> . . . . .	110	<b>12.7</b>	<b>Case Analysis</b> . . . . .	113
<b>12.4</b>	<b>Carving and Graft Preparation</b> . . . . .	111	<b>12.8</b>	<b>Conclusion</b> . . . . .	113
<b>13.</b>	<b>Principles of Preservation Rhinoplasty</b> . . . . .	117			
	<i>Aaron M. Kosins</i>				
<b>13.1</b>	<b>Introduction</b> . . . . .	117	13.2.1	Skin Sleeve . . . . .	117
			13.2.2	Dorsum . . . . .	117
<b>13.2</b>	<b>Classification</b> . . . . .	117	13.2.3	Lower Lateral Cartilages . . . . .	118

<b>13.3</b>	<b>Operative Techniques</b> .....	118	13.4.1	Case 1 .....	122
13.3.1	Elevation of the SSTE .....	118	13.4.2	Case 2 .....	124
13.3.2	Preservation of the Dorsum .....	119	13.4.3	Case 3 .....	124
13.3.3	Preservation of Lower Lateral Cartilages .....	121	<b>13.5</b>	<b>Conclusion</b> .....	124
<b>13.4</b>	<b>Case Analyses</b> .....	122			
<b>14.</b>	<b>Closed Approach in Primary Rhinoplasty</b> .....				130
	<i>Abraham Pathak and Sherrell J. Aston</i>				
<b>14.1</b>	<b>Introduction</b> .....	130	14.3.5	Septal Approach .....	133
<b>14.2</b>	<b>Preoperative Steps—Analysis</b> .....	130	14.3.6	Osteotomies .....	133
<b>14.3</b>	<b>Operative Approach</b> .....	130	14.3.7	Grafts .....	134
14.3.1	Opening the Nose .....	130	14.3.8	Closure .....	134
14.3.2	Nasal Tip Reduction and Contouring .....	131	<b>14.4</b>	<b>Postoperative Care</b> .....	134
14.3.3	Approach to the Dorsum .....	131	<b>14.5</b>	<b>Case Analysis</b> .....	135
14.3.4	Nasal Shortening .....	133	<b>14.6</b>	<b>Conclusion</b> .....	136

### Part III: The Dorsum

<b>15.</b>	<b>Evaluation and Surgical Approach to the Nasal Dorsum: The Component Approach</b> .....				139
	<i>Rod J. Rohrich, Jamil Ahmad, Jason Roostaeian, and Sean Patrick McCleary</i>				
<b>15.1</b>	<b>Introduction</b> .....	139	15.4.6	Three-Point Dorsal Palpation Test .....	145
<b>15.2</b>	<b>Anatomic Considerations</b> .....	139	15.4.7	Medial/Lateral Osteotomies .....	146
<b>15.3</b>	<b>Aesthetics of the Nasal Dorsum</b> .....	140	15.4.8	Reconstitution of the Dorsum .....	147
<b>15.4</b>	<b>Operative Technique</b> .....	142	<b>15.5</b>	<b>Case Analyses</b> .....	150
15.4.1	Dorsal Undermining .....	143	15.5.1	Case 1: The Asymmetric Dorsum Following Trauma .....	150
15.4.2	Separation of the Upper Lateral Cartilages from the Septum .....	143	15.5.2	Case 2: The Dorsal Hump with Poorly Dorsum and Tip .....	150
15.4.3	Incremental Dorsal Septal Reduction .....	144	<b>15.6</b>	<b>Conclusion</b> .....	150
15.4.4	Incremental Dorsal Bony Reduction .....	144			
15.4.5	Incremental Reduction of Upper Lateral Cartilages .....	145			
<b>16.</b>	<b>The Role of Spreader Flaps, Spreader Grafts, and Tension Spanning Sutures</b> .....				155
	<i>Rod J. Rohrich, Jamil Ahmad, and Paul D. Durand</i>				
<b>16.1</b>	<b>Introduction</b> .....	155	16.2.4	Operative Technique .....	157
<b>16.2</b>	<b>Upper Lateral Cartilage Tension Spanning Sutures</b> .....	155	<b>16.3</b>	<b>Spreader Grafts</b> .....	158
16.2.1	Type 1: Midvault Restoration Using the Upper Lateral Cartilage Tension Spanning Suture .....	155	16.3.1	Operative Technique .....	159
16.2.2	Type 2: Midvault Restoration without Using the Upper Lateral Cartilage Tension Spanning Suture .....	155	<b>16.4</b>	<b>Case Analysis: The Four-Step Spreader Graft Technique</b> .....	159
16.2.3	Type 3: Midvault Restoration with Spreader Flap Modification .....	156	<b>16.5</b>	<b>Conclusion</b> .....	160

<b>17. Nasal Osteotomies—Structural Preservation</b> .....	162		
<i>Rod J. Rohrich, William P. Adams, Jr., Jamil Ahmad, and Roger W. Cason</i>			
17.1 Introduction.....	162	17.4.3 Approach.....	166
17.2 Anatomy.....	162	<b>17.5 Postoperative Care</b> .....	170
17.3 Contraindications.....	163	<b>17.6 Complications</b> .....	171
17.4 Classification.....	163	<b>17.7 Case Analysis</b> .....	171
17.4.1 Type.....	164	<b>17.8 Conclusion</b> .....	171
17.4.2 Level.....	165		
<b>18. Dorsal Augmentation: Role of Rib Cartilage Grafts</b> .....	174		
<i>Dean M. Toriumi, Anmol Chattha, and Kathryn Landers</i>			
18.1 Introduction.....	174	<b>18.6 Minimizing Complications</b> .....	177
18.2 Preoperative Steps and Evaluation.....	174	<b>18.7 Case Analyses</b> .....	177
18.3 Operative Technique—Donor Site Rib Harvest.....	174	18.7.1 Case 1.....	177
		18.7.2 Case 2.....	177
18.4 Operative Technique—Single Solid Dorsal Graft.....	175	<b>18.8 Conclusion</b> .....	181
18.5 Operative Technique—Subdorsal Cantilever Graft.....	176		
<b>19. Dorsal Augmentation: Diced Cartilage—Fascia</b> .....	183		
<i>David M. Stepien and Ashkan Ghavami</i>			
19.1 Introduction.....	183	<b>19.4 Postoperative Management</b> .....	188
19.2 Patient Analysis and Selection.....	183	<b>19.5 Case Analyses</b> .....	189
19.3 Operative Technique.....	184	19.5.1 Case 1: DCFG Using Temporalis Fascia.....	189
19.3.1 Fascial Harvest.....	184	19.5.2 Case 2: Combination of DCFG and Solid Rib Onlay Graft.....	191
19.3.2 Cartilage Harvest.....	185		
19.3.3 Dicing Cartilage.....	186	<b>19.6 Conclusion</b> .....	191
19.3.4 Fascial Wrapping.....	187		
19.3.5 Placement of the DCFG.....	187		
<b>Part IV: The Tip</b>			
<b>20. Nasal Tip Surgery Finesse: Anatomy and Technique</b> .....	195		
<i>Rod J. Rohrich, Roger W. Cason, and Elie P. Ramly</i>			
20.1 Introduction.....	195	20.2.1 Lateral Crural Attachments to the Upper Lateral Cartilages.....	195
20.2 Anatomy of the Nasal Tip Support Structures.....	195	20.2.2 Lateral Crural Attachments to the Piriform Aperture.....	196

20.2.3	Medial Crural Attachments to the Caudal Septum . . . . .	196	20.5.3	Altering Tip Projection . . . . .	206
20.2.4	Suspensory Ligament of the Nasal Tip . . . . .	197	20.5.4	Altering Tip Rotation . . . . .	209
<b>20.3</b>	<b>The Tripod Concept . . . . .</b>	<b>197</b>	20.5.5	Further Considerations in Tip Refinement . . . . .	210
<b>20.4</b>	<b>Surgical Approaches to the Tip . . . . .</b>	<b>198</b>	20.5.6	Creating a Supratip Break . . . . .	211
20.4.1	Cartilage-Splitting Technique . . . . .	198	<b>20.6</b>	<b>Systematic Approach to Tip Shaping . . . . .</b>	<b>212</b>
20.4.2	Cartilage Delivery Technique . . . . .	198	20.6.1	Placement of the Septal Extension Graft . . . . .	213
20.4.3	The Open Approach . . . . .	200	20.6.2	Lateral Crural Tensioning . . . . .	213
<b>20.5</b>	<b>Fundamentals of Modern Tip Surgery . . . . .</b>	<b>201</b>	20.6.3	Unifying the Tip Complex . . . . .	213
20.5.1	Support . . . . .	201	20.6.4	Additional Maneuvers, if Necessary . . . . .	213
20.5.2	Cartilage Modification . . . . .	201	<b>20.7</b>	<b>The Ideal Nasal Tip . . . . .</b>	<b>213</b>
<b>21.</b>	<b>The Nasal Tip Tripod: Controlling Tip Projection and Rotation . . . . .</b>	<b>215</b>	<b>20.8</b>	<b>Conclusion . . . . .</b>	<b>214</b>
	<i>Sam P. Most</i>				
<b>21.1</b>	<b>Introduction . . . . .</b>	<b>215</b>	21.8.1	Septal Extension Grafts . . . . .	222
<b>21.2</b>	<b>The Nasal Tripod Complex Theory and Tip Support Mechanisms . . . . .</b>	<b>215</b>	21.8.2	The Tetrapod Concept . . . . .	222
<b>21.3</b>	<b>Analysis of the Nasal Tip . . . . .</b>	<b>216</b>	<b>21.9</b>	<b>Case Analyses . . . . .</b>	<b>223</b>
<b>21.4</b>	<b>Operative Techniques Used to Change Tip Projection and Rotation . . . . .</b>	<b>216</b>	21.9.1	Case 1: Over-Resected Dorsum, Droopy Tip with Poorly Supported Tripod . . . . .	223
<b>21.5</b>	<b>The Lateral Legs of the Tripod . . . . .</b>	<b>217</b>	21.9.2	Case 2: Over-Resected Lateral Crura with Retraction of the Tripod and Tip . . . . .	223
<b>21.6</b>	<b>The Medial Leg of the Tripod . . . . .</b>	<b>220</b>	21.9.3	Case 3: Over-Resected and Over-Rotated Tip with Severe Asymmetry . . . . .	223
<b>21.7</b>	<b>Stabilizing the Tripod . . . . .</b>	<b>220</b>	<b>21.10</b>	<b>Conclusion . . . . .</b>	<b>223</b>
<b>21.8</b>	<b>Tongue-in-Groove Suture Technique . . . . .</b>	<b>221</b>			
<b>22.</b>	<b>Nasal Tip Grafting: Traditional Techniques and Modern Refinements . . . . .</b>	<b>230</b>			
	<i>Nazim Cerkes</i>				
<b>22.1</b>	<b>Introduction . . . . .</b>	<b>230</b>	<b>22.8</b>	<b>Elongation of Short Lower Lateral Cartilages (Lateral Crural Steal and Lateral Crural Grafting Concept) . . . . .</b>	<b>236</b>
<b>22.2</b>	<b>Autologous Cartilage Grafts . . . . .</b>	<b>231</b>	22.8.1	Case Analysis 1 . . . . .	237
<b>22.3</b>	<b>Increasing Tip Projection and Stabilizing the Columellar Base . . . . .</b>	<b>231</b>	22.8.2	Case Analysis 2 . . . . .	237
<b>22.4</b>	<b>Columellar Strut Graft . . . . .</b>	<b>231</b>	<b>22.9</b>	<b>Strengthening the Lateral Crura . . . . .</b>	<b>237</b>
22.4.1	Case Analysis . . . . .	231	<b>22.10</b>	<b>Curvature Deformities of Lateral Crura . . . . .</b>	<b>237</b>
<b>22.5</b>	<b>Lateral Crural Steal . . . . .</b>	<b>232</b>	22.10.1	Concave Lateral Crura . . . . .	237

**Part XI: Special Topics**

<b>51. The Important Role of Dead Space Closure in Rhinoplasty</b> .....	527		
<i>Rod J. Rohrich, Ira Savetsky, Joshua M. Cohen, and Jamil Ahmad</i>			
<b>51.1 Introduction</b> .....	527	<b>51.4 Membranous Septum Closure</b> .....	528
<b>51.2 Infratip Lobule Butterfly Graft</b> .....	527	<b>51.5 Splint Placement</b> .....	529
51.2.1 Operative Technique .....	527	<b>51.6 Management of the Soft Tissue Triangle</b> ....	530
<b>51.3 Supratip Spanning Suture</b> .....	528	<b>51.7 Conclusion</b> .....	530
51.3.1 Operative Technique .....	528		
<b>52. Correction of the Long Nose</b> .....	531		
<i>Rod J. Rohrich, Jordan Kaplan, and Matthew Novak</i>			
<b>52.1 Introduction</b> .....	531	52.5.3 Cartilage Suturing .....	535
<b>52.2 Preoperative Clinical Analysis</b> .....	531	52.5.4 Use of a “Fixed-Mobile” Septal Extension Graft .....	536
<b>52.3 Perceived versus Actual Nasal Length</b> .....	531	52.5.5 Lower Lateral Cartilage Overgrowth .....	536
<b>52.4 Causes of a Long Nose</b> .....	532	52.5.6 Cephalic Trim .....	536
52.4.1 Cartilaginous Septal Overgrowth .....	532	52.5.7 Transection and Overlap of the Lower Lateral Crura .....	537
52.4.2 Inadequate Tip Support .....	533	52.5.8 Upper Lateral Cartilage Spreader Flap .....	537
52.4.3 Lower Lateral Cartilage Overgrowth .....	533	52.5.9 High Radix .....	537
52.4.4 Upper Lateral Cartilage Overgrowth .....	533	52.5.10 Subnasale or Periapical Augmentation .....	537
52.4.5 High Radix .....	533	52.5.11 Midface/Chin Correction .....	537
52.4.6 Short Midface or Inadequate Chin Projection ....	533	52.5.12 Adjunctive Procedures .....	537
<b>52.5 Operative Techniques for Managing the Long Nose</b> .....	534	<b>52.6 Addressing the Tension Nose</b> .....	538
52.5.1 Cartilaginous Septal Overgrowth .....	534	<b>52.7 Case Analysis</b> .....	538
52.5.2 Inadequate Tip Support .....	534	<b>52.8 Conclusion</b> .....	539
<b>53. Elongation of the Short Nose</b> .....	541		
<i>Ali Totonchi and Bahman Guyuron</i>			
<b>53.1 Introduction</b> .....	541	<b>53.4 Potential Shortcomings and Pitfalls</b> .....	546
<b>53.2 Patient Assessment</b> .....	541	<b>53.5 Case Analysis</b> .....	547
<b>53.3 Operative Technique</b> .....	542	<b>53.6 Conclusion</b> .....	548
53.3.1 Tongue-and-Groove Technique .....	544		
<b>54. The Importance of the Depressor Septi Nasi Muscle in Rhinoplasty</b> .....	549		
<i>Rod J. Rohrich, William P. Adams, Jr., Jamil Ahmad, and Roger W. Cason</i>			
<b>54.1 Introduction</b> .....	549	<b>54.3 Anatomic and Clinical Studies</b> .....	550
<b>54.2 Anatomy of the Depressor Septi Nasi Muscle</b> .....	549	<b>54.4 The Depressor Septi Nasi Muscle</b> .....	550

<b>54.5</b>	<b>Preoperative Assessment and Planning</b> . . . . .	551	54.6.2	Dissection and Transposition . . . . .	552
<b>54.6</b>	<b>Operative Technique</b> . . . . .	551	<b>54.7</b>	<b>Case Analysis</b> . . . . .	553
54.6.1	Transnasal Release. . . . .	552	<b>54.8</b>	<b>Conclusion</b> . . . . .	554
<b>55.</b>	<b>The Aging Nose</b> . . . . .				556
	<i>Rod J. Rohrich, Jamil Ahmad, and Yash J. Avashia</i>				
<b>55.1</b>	<b>Introduction</b> . . . . .	556	<b>55.3</b>	<b>Indications and Contraindications</b> . . . . .	559
<b>55.2</b>	<b>Anatomy of the Aging Nose</b> . . . . .	556	<b>55.4</b>	<b>Preoperative Assessment and Planning</b> . . . . .	560
55.2.1	Changes in Aesthetic Facial Proportion . . . . .	556	<b>55.5</b>	<b>Operative Technique</b> . . . . .	560
55.2.2	Skin Quality . . . . .	557	<b>55.6</b>	<b>Case Analysis</b> . . . . .	561
55.2.3	The Nasal Tip Complex . . . . .	557	<b>55.7</b>	<b>Conclusion</b> . . . . .	562
55.2.4	The Nasal Airway . . . . .	558			
55.2.5	The Bony Vault . . . . .	559			
55.2.6	The Dorsum . . . . .	559			
<b>56.</b>	<b>The Male Nose</b> . . . . .				564
	<i>Rod J. Rohrich and Raja Mohan</i>				
<b>56.1</b>	<b>Introduction</b> . . . . .	564	<b>56.5</b>	<b>The Nasal Airway</b> . . . . .	567
<b>56.2</b>	<b>Preoperative Consultation</b> . . . . .	564	<b>56.6</b>	<b>Skin Care</b> . . . . .	567
56.2.1	Patient Selection . . . . .	564	<b>56.7</b>	<b>Case Analyses</b> . . . . .	568
56.2.2	Unique Physical Characteristics . . . . .	564	56.7.1	Case 1: Male Rhinoplasty—Correction of Deviated Nose and Bulbous Tip . . . . .	568
<b>56.3</b>	<b>Systematic Nasal Analysis</b> . . . . .	565	56.7.2	Case 2: Male Rhinoplasty—Correction of Dorsal Hump and Tip Deformity . . . . .	568
<b>56.4</b>	<b>Operative Techniques</b> . . . . .	565	<b>56.8</b>	<b>Conclusion</b> . . . . .	568
56.4.1	Dorsal Hump Reduction . . . . .	566			
56.4.2	Tip Refinement . . . . .	567			
56.4.3	Osteotomies . . . . .	567			
<b>57.</b>	<b>Cleft Rhinoplasty</b> . . . . .				572
	<i>Rohit K. Khosla, Ruth Tevlin, and Charlotte Elizabeth Berry</i>				
<b>57.1</b>	<b>Introduction</b> . . . . .	572	57.6.1	Rib Cartilage Harvest . . . . .	577
<b>57.2</b>	<b>Anatomy of the Cleft Nasal Anomaly</b> . . . . .	572	57.6.2	Bony Foundation of the Nasal Base . . . . .	578
<b>57.3</b>	<b>Timing of Correction</b> . . . . .	573	57.6.3	Septal Deviation and Airway . . . . .	578
<b>57.4</b>	<b>Surgical Goals</b> . . . . .	574	57.6.4	Dorsum . . . . .	579
57.4.1	Definitive Adolescent/Adult Cleft Rhinoplasty . . . . .	574	57.6.5	Nasal Bones . . . . .	579
<b>57.5</b>	<b>Preoperative Evaluation</b> . . . . .	575	57.6.6	Ala and Lateral Crus . . . . .	579
57.5.1	Consideration of Cartilage Graft Material . . . . .	576	57.6.7	Nasal Tip . . . . .	581
<b>57.6</b>	<b>Operative Techniques: Definitive Cleft Rhinoplasty</b> . . . . .	577	57.6.8	Alar Base and Nostril Size . . . . .	581
			<b>57.7</b>	<b>Case Analyses</b> . . . . .	582
			57.7.1	Case 1 . . . . .	582
			57.7.2	Case 2 . . . . .	582
			57.7.3	Case 3 . . . . .	583
			<b>57.8</b>	<b>Conclusion</b> . . . . .	583

<b>58.</b>	<b>Management of the Cocaine Nose</b> .....	588		
	<i>Bahman Guyuron and Paul N. Afrooz</i>			
<b>58.1</b>	<b>Introduction</b> .....	588	<b>58.6</b>	<b>Case Analyses</b> .....
<b>58.2</b>	<b>Pathogenesis</b> .....	588	58.6.1	Case 1 .....
<b>58.3</b>	<b>Preoperative Assessment and Planning</b> ....	589	58.6.2	Case 2 .....
<b>58.4</b>	<b>Operative Technique</b> .....	589	<b>58.7</b>	<b>Conclusion</b> .....
<b>58.5</b>	<b>Complications</b> .....	591		
<b>59.</b>	<b>The Role of Soft Tissue Fillers in Rhinoplasty</b> .....	595		
	<i>Rod J. Rohrich, T. Jonathan Kurkjian, and Jamil Ahmad</i>			
<b>59.1</b>	<b>Introduction</b> .....	595	<b>59.6</b>	<b>Soft Tissue Fillers after Rhinoplasty</b> .....
<b>59.2</b>	<b>Nasal Anatomy</b> .....	595	<b>59.7</b>	<b>Case Analyses</b> .....
<b>59.3</b>	<b>Selection of Appropriate Soft Tissue Fillers</b> .....	596	59.7.1	Case 1: Soft Tissue Filler for Dorsal Nasal Deformity .....
<b>59.4</b>	<b>Anesthesia</b> .....	596	59.7.2	Case 2: Soft Tissue Filler for Post Rhinoplasty Deformity and Subsequent Secondary Rhinoplasty .....
<b>59.5</b>	<b>Injection Technique</b> .....	597	<b>59.8</b>	<b>Conclusion</b> .....
59.5.1	Nasal Dorsum .....	597		
59.5.2	Nasal Sidewall .....	598		
59.5.3	Nasal Tip and Ala .....	598		
<b>60.</b>	<b>Prevention and Management of Rhinoplasty Complications</b> .....	602		
	<i>Rod J. Rohrich, Elie P. Ramly, Matthew Novak, and Jamil Ahmad</i>			
<b>60.1</b>	<b>Introduction</b> .....	602	60.4.6	Dental Trauma .....
<b>60.2</b>	<b>Hemorrhagic Complications</b> .....	602	60.4.7	Epiphora .....

# Videos

- Video 6.1: Systematic nasal analysis: The 10–7–5 method
- Video 7.1: Vectra XT 3D software Face Sculptor (user interface) revealing facial proportions and measurements, landmark selection, vector analysis, and rhinoplasty postoperative modeling
- Video 7.2: Crisalix (Lausanne, Switzerland) VR 4D facial simulation and reconstruction software (user interface) revealing before and after three-dimensional images and analysis tool of facial proportions and angles
- Video 8.1: Septal suture.
- Video 8.2: Doyle splints.
- Video 8.3: Surgicel.
- Video 8.4: No sutures are required to maintain position of the osteotomized segments.
- Video 10.1: Dorsal aesthetic line reconstruction.
- Video 10.2: Septal extension graft (SEG): Steps 1–4.
- Video 10.3: Extended alar contour graft.
- Video 10.4: Retrograde alar contour graft.
- Video 10.5: Infratip lobule butterfly graft.
- Video 10.6: Supratip spanning suture.
- Video 10.7: Septal sutures.
- Video 10.8: Septal extension graft (SEG): Dead space closure.
- Video 10.9: Doyle splints.
- Video 10.10: Lateral splints.
- Video 10.11: Surgicel.
- Video 12.1: Rib cartilage harvest.
- Video 12.2: Carving rib cartilage with attached perichondrium.
- Video 13.1: Preservation rhinoplasty: Dorsal preservation.
- Video 14.1: Introduction.
- Video 14.2: Intercartilaginous and transfixion incisions.
- Video 14.3a: Cephalic trim through intracartilaginous incision.
- Video 14.3b: Lower lateral cartilage delivery and contouring.
- Video 14.4: Dorsal reduction.
- Video 14.5: Nasal shortening.
- Video 14.6: Internal examination and septal submucous resection.
- Video 14.7: Lateral osteotomies.
- Video 14.8a: Spreader grafts.

## Videos

---

- Video 14.8b: Columellar strut graft.
- Video 14.9: Closure and splint placement.
- Video 15.1: Approach to the nasal dorsum.
- Video 16.1: The four-step spreader flap technique for a reproducible method of shaping the dorsal midvault while preserving internal nasal valve function.
- Video 17.1: Medial osteotomies are performed to correct a wide bony pyramid using a 4-mm osteotome
- Video 17.2: Lateral percutaneous osteotomies are performed to further narrow a wide bony vault and close an open roof deformity
- Video 17.3: No sutures are required to maintain position of the osteotomized segments
- Video 18.1: Rib cartilage harvest
- Video 18.2: Dorsal onlay graft
- Video 18.3: Subdorsal cantilever graft
- Video 19.1: Diced cartilage fascia grafting to radix/dorsum: Classic full wrap
- Video 20.1: Placement of a septal extension graft.
- Video 20.2: Lateral crural tensioning and placement of the transdomal and hemitransdomal sutures.
- Video 20.3: Medial crural transection, interdomal suture, and high intracrusal suture.
- Video 20.4: Final tip analysis.
- Video 22.1: Nasal tip surgery
- Video 22.2: Elongation of short lower lateral cartilages with lateral crural steal and lateral crural grafting method
- Video 22.3: Partial harvest of the 7th rib cartilage.
- Video 22.4: Reconstruction of septum cartilage and nasal tip tripod in a secondary case where septum cartilage and lower lateral cartilages were overresected in primary surgery
- Video 23.1: Tip shaping finesse
- Video 24.1: Columellar strut graft preparation.
- Video 24.2: Columellar strut graft placement
- Video 25.1: Placement of the fixed-floating septal extension graft (unilateral batten type).
- Video 26.1: Open approach to decrease nasal tip projection utilizing a combination of septal extension graft and lateral crural tensioning to reestablish appropriate projection
- Video 27.1: Cephalic trim.
- Video 27.2: Lateral crural advancement and tensioning.
- Video 27.3: Septal extension graft placement and suturing
- Video 28.1: Alar–columellar relationship.
- Video 29.1: Traditional alar contour graft.
- Video 29.2: Dual retrograde alar contour graft.
- Video 30.1: Deprojection of the nasal tip

- Video 30.2: Nasal tip reconstruction
- Video 31.1: Key steps in placement of a retrograde alar contour graft with concomitant alar base surgery.
- Video 31.2: Key steps in placement of a retrograde alar contour graft through a stab incision in the absence of alar base surgery
- Video 31.3: Carving of alar contour grafts and other key cartilage grafts in rhinoplasty.
- Video 32.1: Demonstration of a 23-year-old female who presented for primary rhinoplasty.
- Video 33.1: Alar base excision.
- Video 34.1: Demonstration of type 2 alar base resection and alar contour grafting.
- Video 34.2: Demonstration of type 3 alar base resection and alar contour grafting.
- Video 34.3: Demonstration of type 4 alar base resection and alar contour grafting.
- Video 35.1: Profileplasty in rhinoplasty
- Video 36.1: Midline bone score
- Video 36.2: Monocortical horizontal osteotomy
- Video 36.3: Completion of horizontal osteotomy
- Video 36.4: Advancement and plating
- Video 37.1: The 7-step 7-minute chin augmentation
- Video 38.1: Dorsal aesthetic line reconstruction
- Video 38.2: Septal extension graft (SEG): Steps 1 to 4.
- Video 38.3: Extended alar contour graft
- Video 38.4: Retrograde alar contour grafts
- Video 38.5: Infratip lobule butterfly graft
- Video 38.6: Supratip spanning suture
- Video 38.7: Septal sutures.
- Video 38.8: Septal extension graft dead space closure
- Video 38.9: Doyle splints
- Video 38.10: Lateral splints
- Video 38.11: Surgicel.
- Video 38.12: Revision rhinoplasty: Part 1
- Video 38.13: Revision rhinoplasty: Part 2
- Video 39.1: Secondary rhinoplasty using rib cartilage
- Video 40.1: Revision rhinoplasty with periapical Radiesse injection and chin augmentation.
- Video 41.1: Secondary rhinoplasty
- Video 42.1: The use of fresh frozen rib in a secondary rhinoplasty case
- Video 44.1: Septoplasty

## Videos

---

- Video 44.2: Septal rotation suture.
- Video 46.1: Primary rhinoplasty in a patient with severe deviation and a tension nose deformity.
- Video 47.1: Demonstration of a black rhinoplasty with preoperative assessment, intraoperative sequence, and postoperative follow-up
- Video 48.1: A sample of a Hispanic rhinoplasty, with cartilage pushdown, dorsal preservation, septal extension graft, and radix graft
- Video 49.1: Middle Eastern rhinoplasty: modern technical nuances
- Video 50.1: Subdorsal cantilever graft
- Video 51.1: Infratip lobule butterfly graft
- Video 51.2: Supratip spanning suture
- Video 51.3: Membranous septal closure
- Video 51.4: Dead space closure
- Video 51.5: Mupirocin-lubricated Doyle internal nasal splints
- Video 51.6: Lateral splints
- Video 51.7: Soft tissue triangle Surgicel
- Video 52.1: Correction of the long nose
- Video 53.1: Elongation of the short nose
- Video 54.1: Demonstration of the intranasal approach to depressor septi nasi muscle transection
- Video 55.1: The use of fresh frozen rib cartilage to create a septal extension graft for tip support
- Video 56.1: Secondary rhinoplasty in the male
- Video 57.1: Lateral crural release
- Video 57.2: Extended lateral crural strut graft
- Video 57.3: Septal extension graft
- Video 57.4: Tip reunification, alar management, and closure
- Video 59.1: Soft tissue filler treatment of the nose.
- Video 60.1: Pollybeak deformity correction
- Video 61.1: Rapid recovery rhinoplasty
- Video 63.1: Rohrich's approach to primary structural rhinoplasty
- Video 64.1: Case 1: Ahmad's approach to primary structural rhinoplasty
- Video 64.2: Case 2: Ahmad's approach to primary structural rhinoplasty
- Video 65.1: Rohrich's approach to preservation rhinoplasty
- Video 66.1: Preservation rhinoplasty: Dorsal preservation
- Video 67.1: Combined structural/ dorsal preservation rhinoplasty (DPR) modified subdorsal strip method (MSSM)
- Video 68.1: Rohrich's approach to secondary rhinoplasty
