Foreword	xv
Preface	xvii
Acknowledgments	xviii
Contributors	xix
1. Neck Anatomy	1
<i>Jeremie O. Piña and Sumner A. Slavin</i>	
1.1 Cervical Triangles	1
1.2 Fasciae of the Neck	1
1.2.1 Superficial	1
1.2.2 Deep	2
1.2.3 Infrahyoid Muscle Fascia	2
1.2.4 Visceral Fascia	2
1.2.5 Prevertebral Fascia	2
1.2.6 Carotid Sheath	2
1.3 Platysma and Lower Lip	3
1.4 Critical Structures Surrounding Neck Muscles	4
1.4.1 External Jugular Vein	4
1.4.2 Other Superficial Veins	4
1.5 Sensory Distribution in the Neck	4
1.5.1 Great Auricular Nerve	4
1.5.2 Lesser Occipital Nerve	5
1.5.3 Spinal Accessory Nerve	6
1.6 Retaining Ligaments of the Face and Neck	6
1.7 Subplatysmal Fat	7
1.8 Anterior Digastric and Mylohyoid Muscles	7
1.9 The Facial Nerve and Lower Lip	8
1.9.1 Mandibular and Cervical Nerve Branches	8
1.10 Conclusion	9
References	9
2. Neck Rejuvenation: Evaluation and Management	11
<i>Jose Foppiani and Samuel J. Lin</i>	
2.1 Introduction	11
2.1.1 Demographic of Neck Lift/ Rejuvenation Procedures	11
2.1.2 Criterion for a Youthful Aesthetically Pleasing Neck	11
2.1.3 Criteria for an Aging Neck	12
2.2 Neck Evaluation	12
2.2.1 Skin	13
2.2.2 Adiposity	13
2.2.3 Platysma	13
2.2.4 Digastric Muscle	13
2.2.5 Submandibular Gland	13
2.2.6 Chin	13
2.3 Neck Rejuvenation Procedures	13

2.3.1	Nonsurgical Procedures	14	2.5	Expert Commentary by Dr. Slavin.	21
2.3.2	Surgical Procedures	16			
2.4	Conclusion	21		References	21
3.	Management of the Aging Neck	23			
	<i>Munique Maia and Alan Matarasso</i>				
3.1	Introduction.	23	3.9	Case Examples.	27
3.2	Patient Analysis	23	3.9.1	Case 1	27
3.3	Patient Selection and Preoperative Planning	24	3.9.2	Case 2	27
3.4	Operative Procedure	24	3.9.3	Case 3	27
3.4.1	Surgical Technique	24	3.9.4	Case 4	27
3.5	Postoperative Care	25	3.9.5	Case 5	27
3.6	Complications	26	3.10	Expert Commentary by Dr. Slavin.	27
3.7	Ancillary Procedures and Nonsurgical Treatments.	26	3.11	Expert Commentary by Dr. Lin	27
3.8	Conclusion	27		References	32
4.	The Use of Platysma Window for Neck Contouring	35			
	<i>Rod J. Rohrich, Justin Bellamy, and Nelson A. Rodriguez-Unda</i>				
4.1	Patient Considerations, Indications, and Contraindications.	35	4.5	Case Example	39
4.1.1	Who Is a Candidate?	35	4.5.1	Goals	39
4.1.2	Platysmal Bands	35	4.5.2	Approach	39
4.1.3	The Central Neck	35	4.6	Expert Commentary by Dr. Slavin.	39
4.1.4	Contraindications	36	4.7	Expert Commentary by Dr. Lin	39
4.2	What Technique to Use and Why?	36		References	41
4.3	Technique: A Stepwise Summary	36			
4.4	How to Avoid Bad Results/ Common Pitfalls.	37			

5.	Triple Suture for Neck Contouring	43		
	<i>Enzo R. Citarella, Ramil Sinder, Alexandra Condé-Green, Samir Janne Hasbun, and Esther Barrios</i>			
5.1	Introduction	43	5.4.1	Case 1..... 49
			5.4.2	Case 2..... 51
5.2	Indications	43	5.4.3	Case 3..... 51
			5.4.4	Case 4..... 52
5.3	Technique	43	5.5	Expert Commentary by Dr. Slavin 52
5.3.1	Position.....	44	5.6	Expert Commentary by Dr. Lin 53
5.3.2	Infiltration.....	44		References 54
5.3.3	Marking.....	44		
5.3.4	Liposuction.....	44		
5.3.5	Triple-Suture Technique.....	46		
5.3.6	Treatment of the Lateral Cervical Region (V5).....	48		
5.4	Case Examples	49		
6.	Surgical Approach to Neck Rejuvenation	55		
	<i>Ritwik Grover, Andrew L. Kochuba, Rafael A. Couto, Jacob N. Grow, and James E. Zins</i>			
6.1	Surgical Anatomy of the Lower Face and Neck	55	6.5.1	Classification System..... 61
6.2	Anatomy	56	6.6	Operative Technique 65
6.3	Retaining Ligaments	56	6.7	Postoperative Care 67
6.4	Neck Anatomy	57	6.8	Complications 67
6.4.1	Fat Compartments.....	57	6.9	Commentary by Dr. Zins 68
6.4.2	Platysma Muscle.....	58	6.10	Expert Commentary by Dr. Slavin 68
6.4.3	Retaining Ligaments and Filaments.....	58	6.11	Expert Commentary by Dr. Lin 68
6.4.4	Digastric Muscles.....	58		References 69
6.4.5	Submandibular Glands.....	58		
6.4.6	Great Auricular Nerve.....	59		
6.5	Clinical Assessment, Patient Selection, and Evaluation of the Neck Lift Patient	59		
7.	Deep Plane Neck Lift Concepts and Technique	71		
	<i>Benjamin Talei, Hedyeh Ziai, and Daniel J. Gould</i>			
7.1	Patient Considerations, Indications, and Contraindications	71	7.1.1	Patient Considerations..... 71
			7.1.2	Indications..... 72
			7.1.3	Contraindications..... 72

7.2	What Technique to Use and Why?	72	7.5.2	Case 2	82
			7.5.3	Case 3	82
			7.5.4	Case 4	85
7.3	Technique	73	7.5.5	Case 5	85
7.3.1	Deep Plane Face and Neck Lift ...	73	7.6	Expert Commentary by Dr. Slavin	85
7.3.2	Internal Neck Lift	81	7.7	Expert Commentary by Dr. Lin	88
7.4	How to Avoid Bad Results/ Common Pitfalls	81	References		88
7.5	Case Examples	82			
7.5.1	Case 1	82			
8.	Lateral Skin-Platysma Displacement Technique	89			
	<i>Mario Pelle-Ceravolo and Matteo A. Angelini</i>				
8.1	Patient Consideration, Indications, and Contraindications	89	8.7	Other Options to Avoid Inadequate Results in Difficult Necks: Cyanoacrylate Glue and Platysmectomy	97
8.2	What Technique to Use and Why?	89	8.8	Lateral Skin-Platysma Displacement Limitations	99
8.3	The Rationale of Lateral Skin-Platysma Displacement ...	90	8.9	Discussion	99
8.4	Technique	90	8.10	Conclusions	102
8.5	Vectors of Traction	91	8.11	Expert Commentary by Dr. Slavin	102
8.6	Lateral Skin-Platysma Displacement Variations	94	8.12	Expert Commentary by Dr. Lin	102
8.6.1	Submandibular Gland Resection ...	96	References		103
9.	Surgical Techniques for Treatment of the Aging Neck	105			
	<i>Munique Maia and Marcelo Cunha Araujo</i>				
9.1	Introduction	105	9.4.1	Skin	107
9.2	Facial Analysis and Applied Anatomy	105	9.4.2	Fat Layer	107
9.3	Patient Evaluation and Surgical Goals	107	9.4.3	Platysma Muscle and Subplatysmal Structures	107
9.4	Surgical Techniques	107	9.4.4	Submandibular Glands	112
			9.5	Expert Commentary by Dr. Slavin	113

9.6	Expert Commentary by Dr. Lin	113	References	114
10.	Neck Lift after Massive Weight Loss			115
	<i>Dennis J. Hurwitz</i>			
10.1	Patient Considerations, Indications, and Contraindications	115	10.2.2	Submental Z-Plasty with Parallel Oblique Elliptical Excisions of Skin
10.1.1	Considerations	115		120
10.1.2	Indications	115	10.3	Role of Facelift for Neck Excess ...
10.2	Isolated Neck Lift: What Techniques to Use and Why? ...	116	10.4	Expert Commentary by Dr. Slavin
10.2.1	FaceTite, AccuTite, and Morpheus8 to the Face and Neck	116		124
			10.5	Expert Commentary by Dr. Lin
				124
			References	126
11.	The Use of Radiofrequency for Facial Rejuvenation			127
	<i>Erez Dayan and Christopher T. Chia</i>			
11.1	Patient Considerations	127	11.5.2	Case 2
11.2	Technique	127		129
11.3	Postoperative Care	128	11.6	Conclusion
11.4	Common Pitfalls	128		129
11.5	Case Examples	128	11.7	Expert Commentary by Dr. Slavin
11.5.1	Case 1	128		131
			11.8	Expert Commentary by Dr. Lin
				131
			References	131
12.	Neck Lift and Fat Grafting to the Neck			133
	<i>Aris Sterodimas</i>			
12.1	Introduction	133	12.4.2	Case 2
12.2	Patients and Methods	134	12.4.3	Case 3
12.3	Surgical Technique and Fat Processing and Grafting	134	12.4.4	Case 4
12.4	Problem-Based Examples/Cases	137		137
12.4.1	Case 1	137	12.5	Discussion
				137
			12.6	Conclusion
				142
			12.7	Expert Commentary by Dr. Slavin
				142

12.8	Expert Commentary by Dr. Lin	142	References	143
13.	Neck Rejuvenation: Noninvasive Techniques	145		
	<i>Mathew N. Nicholas, Sara R. Hogan, Michael S. Kaminer, and Jeffrey S. Dover</i>			
13.1	Introduction	145	13.4.3	Platysmal Banding
			13.4.4	Skin Laxity
13.2	The Aging Neck	145	13.4.5	Submental Fat and Fullness
13.3	Patient Considerations, Indications, and Contraindications	146	13.5	Conclusions
13.4	Which Technique to Use and Why?	146	13.6	Expert Commentary by Dr. Slavin
13.4.1	Dyschromia	146	13.7	Expert Commentary by Dr. Lin
13.4.2	Horizontal or Transverse Necklines	147	References	162
14.	Revisional and Secondary Neck Lifts	167		
	<i>Ashley N. Boustany, Vickram J. Tandon, and Sumner A. Slavin</i>			
14.1	Revisional versus Secondary Rhytidectomy	167	14.3.1	Poor Scar Placement
14.1.1	Revisional Neck Lifts	167	14.3.2	Scarred Tissue Planes
14.1.2	Secondary Neck Lifts	168	14.3.3	Platysmal Bands
14.2	Patient Considerations	169	14.3.4	Midline Ridge Deformity
14.2.1	Identification of Deformity	170	14.3.5	Submental Hollowing
14.2.2	Factors Influencing Longevity and Outcomes	170	14.3.6	Vertical Band Deformity
14.3	Problem-Based Technical Considerations	171	14.3.7	Subauricular Band Deformity
			14.3.8	Ear Deformity
			14.4	Expert Commentary by Dr. Lin
			References	175
15.	Neck Rejuvenation: Complications	177		
	<i>Trina G. Ebersole, Amer H. Nassar, and Sumner A. Slavin</i>			
15.1	Hematoma	177	15.4	Nerve Injury
15.2	Skin Necrosis	178	15.5	Recurrent Platysmal Bands
15.3	Infection	178	15.6	Dystonia

15.7	Scars	178	15.9	Expert Commentary by Dr. Slavin	179
15.8	Case Example	178	15.10	Expert Commentary by Dr. Lin	180
15.8.1	Case 1	178		References	180
Index					181

Videos

Video 3.1: Neck Lift

Video by Munique Maia, Alan Matarasso

Video 4.1: Step-by-Step Sequence to the Lateral Platysmal Window

Video by Rod J. Rohrich

Video 5.1: Triple Suture for Neck Contouring

Video by Enzo R. Citarella, Ramil Sinder, Alexandra Condé-Green, Esther Barrios, Samir Janne Hasbun

Video 6.1: Anterior Approach to the Neck

Video by James E. Zins, Andrew L. Kochuba

Video 7.1: Deep Plane Neck Lift

Video by Benjamin Talei, Daniel J. Gould

Video 8.1: Lateral Skin–Platysma Displacement (LSD): A New and Proven Technique for Neck Rejuvenation

Video by Mario Pelle-Ceravolo, Matteo A. Angelini

Video 9.1: The Aging Neck: Subplatysmal Techniques

Video by Marcelo Cunha Araujo

Video 10.1: AccuTite of the Neck, Face, and Forehead

Video by Dennis J. Hurwitz

Video 11.1: Marking for Bipolar Radiofrequency of Lower Face and Neck

Video by Erez Dayan

Video 11.2: Fractional Radiofrequency Using Morpheus8 (InMode; Lake Forest, CA)

Video by Erez Dayan

Video 12.1: Performing Neck Liposuction Using the Syringe Method

Video by Aris Sterodimas

Video 12.2: The Adipose Tissue Aspirated by Liposuction Is Processed

Video by Aris Sterodimas

Video 12.3: Lipografting of the Malar Area Assisted by Stromal Enriched Lipograft

Video by Aris Sterodimas
