Preface	xi
Contributors	xii

Part I: General

1	Epidemiology of Cosmetic Procedures	3
	<i>Sophia Fruechte, Zachary Wendland, Sara Osborne, and Ronda Farah</i>	

1.1	Introduction	3	References	6
1.2	Epidemiology of Patients and Practitioners	4		

2	Pre-Injection Planning	7
	<i>Rawaa Almukhtar, Emily Wood, and Douglas C. Wu</i>	

2.1	Introduction	7	2.4.4	Lighting	14
			2.4.5	Positioning	14
2.2	Anatomical Considerations	7	2.5	Counseling and Setting Expectations	14
2.2.1	The Upper Face	8	2.6	Aseptic Technique	15
2.2.2	The Midface	11	2.7	Product Selection/Appropriate Use of Filler	15
2.2.3	The Lower Face	12	2.8	Conclusion	16
2.3	Preprocedure Evaluation	13	References	16	
2.4	Photography	13			
2.4.1	Consent	13			
2.4.2	Appearance	13			
2.4.3	Background	13			

3	Techniques for Imaging Complications	19
	<i>Angeli Eloise Torres, Harleen Arora, Taylor L. Braunberger, Indermeet Kohli, and David M. Ozog</i>	

3.1	Imaging Anatomy of the Facial Fat Compartments	19	3.1.4	Orbital Fat Compartment	20
			3.1.5	Jowl Fat Compartment	20
3.1.1	Nasolabial Fat Compartment	19	3.2	Imaging Modalities	20
3.1.2	Cheek Fat Compartments	19			
3.1.3	Forehead and Temporal Fat Compartment	20	3.2.1	Magnetic Resonance Imaging (MRI)	20
			3.2.2	High-Frequency Ultrasound (HFUS)	21

3.2.3	Computed Tomography (CT)	22	3.3.3	Permanent Fillers	25
3.2.4	Positron Emission Tomography–Computed Tomography (PET-CT)	23	3.4	Filler Complications	26
3.3	Normal Imaging Features by Filler Type	23	3.4.1	Short-Term Complications	26
3.3.1	Temporary (Rapidly Resorbed) Fillers	23	3.4.2	Long-Term Complications	27
3.3.2	Long-lasting (Slowly Resorbed) Fillers	24	3.5	Techniques for Prevention through Imaging	29
			References	30	

Part II: Early-Onset Complications

4	Swelling and Bruising	35			
	<i>Ryan M. Greene</i>				
4.1	Clinical Presentation	35	4.5	Techniques for Prevention	39
4.2	Causes	36	4.6	Case Report	42
4.3	Management	36	4.6.1	Case 1	42
4.4	Algorithm of Treatment	38	4.6.2	Case 2	43
4.4.1	Algorithm for the Management of Edema	38	References	44	
5	Pain/Tenderness	46			
	<i>Ora Raymond, Ronda Farah, Gretchen Bellefeuille, and Maria Hordinsky</i>				
5.1	Introduction	46	5.5	Intraoperative Pain-Related Complications	50
5.2	Pain Related to Needle Prick and Needle Phobia	46	5.6	Postoperative Pain	50
5.3	Pain	47	5.7	Conclusion	51
5.4	Techniques to Reduce Needle- Related Fear and Pain— Recognition, Relaxation, Vibration, Topical Anesthetics, and Nerve Blocking Agents	47	References	51	
6	Vascular Compromise	53			
	<i>Chelsea Fidai, David M. Ozog, and Joel L. Cohen</i>				
6.1	Clinical Presentation	53	6.2	Causes	55

6.3	Management	55	6.6	Case Report	61
6.4	Algorithm of Treatment	58		References	62
6.5	Techniques for Prevention	60			

Part III: Delayed-Onset Complications

7	Hypersensitivity Reactions to Dermal Fillers				67
	<i>Stephanie von Csiky-Sessoms, Sonya Prasad, Lena Ladenheim, Jacqueline G. Berliner, and Ellen S. Marmur</i>				
7.1	Introduction	67	7.4.2	Management: Type IV Hypersensitivity	71
7.2	Classification of Dermal Fillers ..	67	7.4.3	Management: Biofilms	72
7.3	Clinical Presentation: Acute Reactions	68	7.5	Techniques for Prevention	72
			7.6	Cases	72
7.3.1	Type IV Hypersensitivity Reactions	69			
7.3.2	Granulomatous Reactions	70	7.6.1	Case 1	72
7.3.3	Biofilms	70	7.6.2	Case 2	74
7.4	Dermal Filler Hypersensitivity Reaction Management Algorithm	71	7.7	Side Effect Profile: Prednisone versus Methylprednisolone	74
				References	75
7.4.1	Management: Type I Hypersensitivity	71		Suggested Reading	76
8	Migration				77
	<i>Sachin M. Shridharani, Teri N. Moak, Trina G. Ebersole, and Grace M. Tisch</i>				
8.1	Introduction	77	8.4	Management	81
8.2	Clinical Presentation	78	8.5	Algorithm of Treatment	81
8.3	Causes	79	8.6	Techniques for Prevention	81
8.3.1	Injection Technique.....	79	8.7	Case Report	83
8.3.2	Massage	79			
8.3.3	Muscle Activity	79	8.7.1	Case Example 1	83
8.3.4	Gravity	79	8.7.2	Case Example 2	84
8.3.5	Lymphatic Spread	79			
8.3.6	Pressure-Induced Displacement ...	80		References	86
8.3.7	Intravascular Injection	80			
8.3.8	Biofilm Formation.....	80			

9	Nodules and Granulomas	87
	<i>Justin L. Bellamy, Usama Syed, and Sachin M. Shridharani</i>	
9.1	Introduction	87
9.1.1	A Historical Perspective	87
9.1.2	Early-Onset Nodules	88
9.1.3	Late-Onset Nodules	89
9.2	Management	90
9.2.1	Collection or Misplacement	91
9.2.2	Noninflammatory Early Nodules	91
9.2.3	Inflammatory Early and Late Nodules	91
9.2.4	Noninfectious Late Inflammatory Nodules	91
9.2.5	Biofilm-Related Nodules	92
9.3	Case Example	92
9.4	Algorithmic Approach to Nodules	93
	References	94
10	Infection	95
	<i>Usama Syed, Justin L. Bellamy, and Sachin M. Shridharani</i>	
10.1	Introduction	95
10.2	Clinical Presentation	95
10.2.1	Acute Infection	95
10.2.2	Chronic Infection	96
10.3	Causes	96
10.3.1	Herpes	97
10.4	Management	98
10.4.1	Antibiotic Choice	98
10.4.2	Prognosis	98
10.4.3	Abscess	99
10.4.4	Biofilm-Related Nodule Treatment	99
10.5	Algorithm of Treatment	99
10.6	Techniques for Prevention	99
10.6.1	Patient History	99
10.6.2	Photographs	100
10.6.3	Procedure Planning	100
10.6.4	Skin Preparation	100
10.6.5	Filler Preparation	100
10.6.6	Setup and Injection Technique	101
10.6.7	Future Innovations	101
10.7	Case Report	101
	References	102
11	Technique-Related Complications	103
	<i>Jason Emer and Michael Lipp</i>	
11.1	Introduction	103
11.2	Fillers	103
11.3	Injection Techniques	105
11.4	Technique-Related Complications	107
11.4.1	Bruising	107
11.4.2	Inappropriate Placement of Soft Tissue Fillers	108

11.4.3	Vascular Compromise.....	110	References	118
11.4.4	Delayed Nodules	116		
11.4.5	Infections and Biofilms.....	118		
11.5	Conclusion	118		
Index		121
