

Contents

Preface	xviii
Acknowledgments	xix

Part I: Anatomy and Physiology

1	Gross Anatomy, Cranial and Spine	3
	Questions	3
	Answers	6
2	Vascular Anatomy	8
	Questions	8
	Answers	11
3	Neurophysiology and Regional Brain Syndromes	13
	Questions	13
	Answers	16

Part II: General and Neurology

4	Neuroanesthesia	21
	Questions	21
	Answers	23
5	Sodium Homeostasis and Osmolality	24
	Questions	24
	Answers	26
6	General Neurocritical Care	28
	Questions	28
	Answers	29
7	Sedatives, Paralytics, and Analgesics	31
	Questions	31
	Answers	32
8	Endocrinology	34
	Questions	34
	Answers	35
9	Hematology	37
	Questions	37
	Answers	39
10	Neurology for Neurosurgeons	41
	Questions	41
	Answers	43

11	Neurovascular Disorders and Neurotoxicology	45		
	Questions	45		Answers
				47

Part III: Imaging and Diagnosticst

12	Plain Radiology and Contrast Agents			51
	Questions	51		Answers
				53
13	Imaging and Angiography			54
	Questions	54		Answers
				56
14	Electrodiagnostics			58
	Questions	58		Answers
				59

Part IV: Developmental Anomalies

15	Primary Intracranial Anomalies			63
	Questions	63		Answers
				65
16	Primary Spinal Developmental Anomalies			67
	Questions	67		Answers
				69
17	Primary Craniospinal Anomalies			71
	Questions	71		Answers
				72

Part V: Coma and Brain Death

18	Coma and Coma Scales			75
	Questions	75		Answers
				77
19	Brain Death and Organ Donation			79
	Questions	79		Answers
				80

Part VI: Infection

20	Bacterial Infections of the Parenchyma and Meninges and Complex Infections			83
	Questions	83		Answers
				85

21	Skull, Spine, and Postsurgical Infections		87
	Questions	87	Answers 88
22	Other Nonbacterial Infections		89
	Questions	89	Answers 90
Part VII: Hydrocephalus and Cerebrospinal Fluid (CSF)			
23	Cerebrospinal Fluid		95
	Questions	95	Answers 96
24	Hydrocephalus: General Aspects		97
	Questions	97	Answers 98
25	Treatment of Hydrocephalus		100
	Questions	100	Answers 102
Part VIII: Seizures			
26	Seizures: Classification and Syndromes		105
	Questions	105	Answers 106
27	Antiseizure Medication (ASM)		108
	Questions	108	Answers 110
28	Special Seizure Consideration		113
	Questions	113	Answers 115
Part IX: Pain			
29	Pain		119
	Questions	119	Answers 121
Part X: Peripheral Nerves			
30	Peripheral Nerves		125
	Questions	125	Answers 127

31	Entrapment Neuropathy	128		
	Questions	128		Answers 131
32	Nonentrapment Peripheral Neuropathies	133		
	Questions	133		Answers 135
Part XI: Neuro-Ophthalmology and Neurotology				
33	Neuro-Ophthalmology	139		
	Questions	139		Answers 141
34	Neurotology	143		
	Questions	143		Answers 145
Part XII: Tumors of the Nervous and Related Systems				
35	Tumor Classification and General Information	149		
	Questions	149		Answers 151
36	Genetic Tumor Syndromes Involving CNS	153		
	Questions	153		Answers 156
37	Adult Diffuse Glioma	158		
	Questions	158		Answers 159
38	Pediatric Type Diffuse Tumors	161		
	Questions	161		Answers 162
39	Circumscribed Astrocytic Gliomas	163		
	Questions	163		Answers 164
40	Glioneuronal and Neuronal Tumors	166		
	Questions	166		Answers 167
41	Ependymal Tumors	169		
	Questions	169		Answers 171
42	Choroid Plexus Tumors	173		
	Questions	173		Answers 174

43	Embryonal Tumors	176		176
	Questions	176	Answers	178
44	Pineal Tumors and Pineal Region Lesions			179
	Questions	179	Answers	181
45	Cranial and Paraspinal Nerve Tumors			183
	Questions	183	Answers	185
46	Meningiomas (Intracranial)			187
	Questions	187	Answers	189
47	Mesenchymal, Nonmeningothelial Tumors			191
	Questions	191	Answers	193
48	Melanocytic Tumors and CNS Germ Cell Tumors			195
	Questions	195	Answers	196
49	Hematolymphoid Tumors Involving the CNS			198
	Questions	198	Answers	200
50	Tumors of the Sellar Region			202
	Questions	202	Answers	204
51	PitNET/Adenomas—Clinical Consideration			205
	Questions	205	Answers	207
52	Pituitary Tumors Evaluation			209
	Questions	209	Answers	211
53	PitNET/Adenomas—General Management			213
	Questions	213	Answers	215
54	PitNET/Adenomas—Surgical Management, Outcome, and Recurrence Management ...			217
	Questions	217	Answers	219

Part XIII: Other Tumors and Tumor-Like Conditions

55	Metastasis to the CNS	223		
	Questions	223	Answers	225
56	Other Tumors, Cysts, and Tumor-Like Lesions	227		
	Questions	227	Answers	228
57	Pseudotumor Cerebri Syndrome (PTCS)	229		
	Questions	229	Answers	230
58	Tumor and Tumor-Like Lesions of the Skull	231		
	Questions	231	Answers	233
59	Tumors of the Spine and Spinal Cord	235		
	Questions	235	Answers	237

Part XIV: Head Trauma

60	Head Trauma: General Information, Grading, and Initial Management	241		
	Questions	241	Answers	244
61	Concussion, High Altitude Cerebral Edema, Cerebrovascular Injuries	246		
	Questions	246	Answers	248
62	Neuromonitoring in Head Trauma	250		
	Questions	250	Answers	252
63	Skull Fractures	254		
	Questions	254	Answers	255
64	Traumatic Hemorrhagic Conditions	257		
	Questions	257	Answers	259
65	Gunshot Wounds and Nonmissile Penetrating Brain Injuries	261		
	Questions	261	Answers	262
66	Pediatric Head Injury	264		
	Questions	264	Answers	266

67	Head Injury: Long-Term Management, Complications, and Outcome	267		
	Questions	267	Answers	269

Part XV: Spine Trauma

68	Spine Injuries—General Information, Neurologic Assessment, Whiplash and Sports-Related Injuries, Pediatric Spine Injuries	273		
	Questions	273	Answers	275
69	Management of Spinal Cord Injury	277		
	Questions	277	Answers	279
70	Occipitoatlantoaxial Injuries	280		
	Questions	280	Answers	282
71	Subaxial (C3 through C7) Injuries/Fractures	284		
	Questions	284	Answers	286
72	Thoracic, Lumbar, and Sacral Spine Fracture	288		
	Questions	288	Answers	290
73	Penetrating Spine Injuries and Long-Term Complications of Spine Injuries	292		
	Questions	292	Answers	293

Part XVI: Nontraumatic Spine and Spinal Cord Conditions

74	Low-Back Pain	297		
	Questions	297	Answers	299
75	Lumbar Disk Herniation and Radiculopathy	301		
	Questions	301	Answers	303
76	Thoracic Disk Herniation	305		
	Questions	305	Answers	306
77	Cervical Disk Herniation	308		
	Questions	308	Answers	310

78	Cervical Degenerative Disk Disease and Cervical Myelopathy	312		
	Questions	312		Answers
				314
79	Spine Measurements			316
	Questions	316		Answers
				317
80	Idiopathic Scoliosis			319
	Questions	319		Answers
				320
81	Lumbar and Thoracic Degenerative Disk Disease			322
	Questions	322		Answers
				324
82	Adult Spinal Deformity and Degenerative Scoliosis			326
	Questions	326		Answers
				327
83	Special Conditions Affecting Spine			329
	Questions	329		Answers
				332
84	Special Conditions Affecting the Spinal Cord			334
	Questions	334		Answers
				336

Part XVII: Subarachnoid Hemorrhage and Aneurysms

85	Aneurysm—Introduction, Grading, and Special Conditions			341
	Questions	341		Answers
				343
86	Critical Care of Aneurysm Patients			345
	Questions	345		Answers
				347
87	SAH from Cerebral Aneurysm Rupture			349
	Questions	349		Answers
				351
88	Aneurysm Type by Location			354
	Questions	354		Answers
				356
89	Special Aneurysms and Nonaneurysmal SAH			358
	Questions	358		Answers
				359

Part XVIII: Vascular Malformations

90	Vascular Malformations			363
	Questions	363	Answers	364
91	Angiographically Occult Vascular Malformations			365
	Questions	365	Answers	367

Part XIX: Stroke and Occlusive Cerebrovascular Disease

92	Stroke—General Information and Physiology			371
	Questions	371	Answers	373
93	Evaluation and Treatment for Acute Ischemic Stroke			375
	Questions	375	Answers	376
94	Cerebral Arterial Dissections and Moyamoya Disease			377
	Questions	377	Answers	379
95	Other Vascular Occlusive Conditions			381
	Questions	381	Answers	383
96	Intracerebral Hemorrhage in Older Adults			385
	Questions	385	Answers	387
97	ICH in Young Adults and Pediatrics			389
	Questions	389	Answers	390

Part XX: Outcome Assessment

98	Outcome Assessment			395
	Questions	395	Answers	396

Part XXI: Differential Diagnosis

99	Differential Diagnosis by Location or Radiographic Finding—Intracranial			401
	Questions	401	Answers	404

100	Differential Diagnosis by Location or Radiographic Finding—Spine	406		406
	Questions	406	Answers	407
101	Differential Diagnosis (DDx) by Signs and Symptoms—Primarily Intracranial	409		409
	Questions	409	Answers	411
102	Differential Diagnosis (DDx) by Signs and Symptoms—Primarily Spine and Other	412		412
	Questions	412	Answers	414

Part XXII: Procedures, Interventions, Operations

103	Intraoperative Dyes, OR Equipment, Surgical Hemostasis, and Bone Extenders	419		419
	Questions	419	Answers	420
104	Craniotomies—General Information and Cortical Mapping	422		422
	Questions	422	Answers	424
105	Posterior Fossa Craniotomies	426		426
	Questions	426	Answers	427
106	Supratentorial Craniotomies	428		428
	Questions	428	Answers	429
107	Approaches to the Lateral and Third Ventricles, Decompressive Craniectomies, and Cranioplasty	431		431
	Questions	431	Answers	433
108	Spine—Cervical	434		434
	Questions	434	Answers	436
109	Spine—Thoracic and Lumbar	437		437
	Questions	437	Answers	439
110	Miscellaneous Surgical Procedures	440		440
	Questions	440	Answers	442
111	Functional Neurosurgery and Stereotactic Neurosurgery	444		444
	Questions	444	Answers	446

112	Neurovascular Compression Syndromes	448		
	Questions	448	Answers	450
113	Pain Procedures			451
	Questions	451	Answers	452
114	Seizure Surgery			454
	Questions	454	Answers	455
115	Radiation Therapy (XRT)			457
	Questions	457	Answers	459
116	Endovascular Neurosurgery			460
	Questions	460	Answers	461
	Index			463
